

SPECIFICATIONS OF FRUIT PUREES & CONCENTRATES

Product	Organic Pineapple Juice (11-13 °Brix)	
Description	The product is manufactured from ripe, sound, hand-picked, selected Organic Pine apples, free from damage, soils & bruises. Ripe pineapple fruits are washed, inspected, crushed and juice is extracted. The juice is heated, cooled & filled aseptically in presterile aseptic bags. The whole operation is carried out with great care to retain maximum level of natural flavour & taste, simultaneously ensuring "Commercial Sterility".
